Advanced Pharmacology Curriculum
WHERE the New Essentials Are Leading

SCHEDULE:

- April 25, 2023
 - Today we are discussing the New Essentials and their implications in Pharmacology
- Next Episode:
 - May 4, 2023, Episode 3: HOW to Successfully Implement the New Essentials

How do we go from thinking like this:

To this:

The New Essentials:

- _____ Based vs. Competency-_____

Pulling it Together:

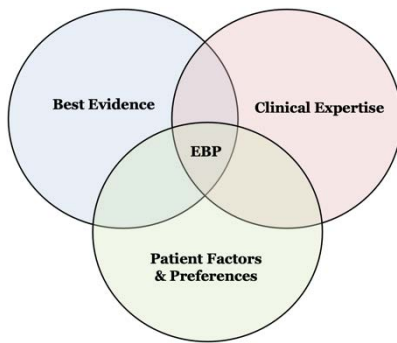

- Advanced Pharmacology Curriculum:

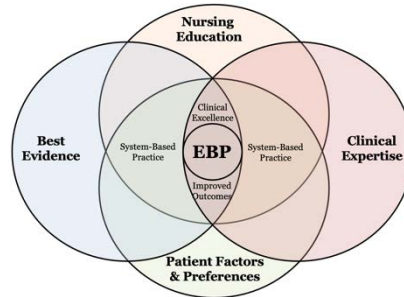

- Comprehensive & _____
- Incorporates Pharmacogenetics/ _____
- Incorporates the evaluation and use of _____
- Implemented and assessed using a _____, integrated, competency-_____

Education model across the curriculum

Evidence-Based Practice: Which is our Goal?

or

Desired Endpoint:

Competency-Based Education:

- What does being “competent” mean?

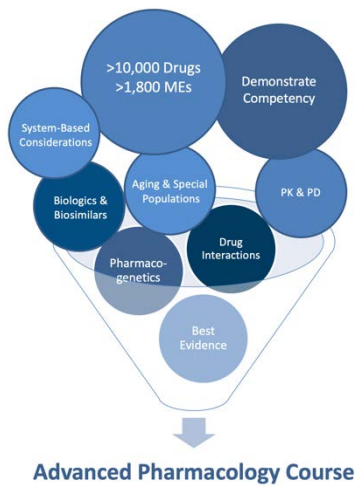

What type of NP does the profession want?

- Explicit knowledge, _____ knowledge, Clinical excellence or _____

HIGH-YIELD
MED REVIEWS

Current Problem:

Codifying a Plan for Advanced Pharmacology Curriculum

- Comprehensive and _____
- Incorporates _____/ genomics
- Builds in _____ and use of evidence
- Implemented and assessed using a competency-based education model across the curriculum

The problems are:
