## Frequently Asked Questions

- **Why does this notebook contain information that potentially doesn't pertain to my exam?**
  - The notebook is a compilation of all the live study group sessions specific to the BPS board exams which are cases that integrate and apply the material that you are learning in the Q-Bank and lectures.
  - We recognize everyone has a different knowledge base and level of experience. We wanted to give our premium customers the opportunity to join any BPS related study group session they feel will be helpful to expanding their knowledge. Some customers also take more than one BPS exam.
- **My notebook has blank areas throughout the lectures, is something wrong with my notebook?**
  - No. During the webinar sessions you will be given the words or answers to write into those areas as a way to create participation during study group session. Feedback from past customers is that it helped them stay engaged during the webinars.
- **Who has access to all of the study group webinar sessions for BPS exams?**
  - Only current PREMIUM Review Course subscribers have access to all of the study group webinar sessions related to the main BPS exams (BCPS, BCACP, BCCP, BCCCP, BCPP, etc.). Access is only valid during the period in which their subscription is active.
  - A few of the study group webinar sessions will be available to the public. You are welcome to invite any of your friends or colleagues who would like to join us.
- **Can I join a webinar study group session that may be focused for other BPS exams?**
  - Yes, absolutely. That is why all study group members get the same notebook.
  - The recommended schedule is a suggestion only and you are free to attend any of the study group webinar sessions.
- **Do the study group webinar sessions cover the same content in the Q-Banks and lectures?**
  - No, the study group webinar sessions take a case-based approach, integrating content from the Q-Banks and lectures. They are intended to support discussion and to supplement other components of the review courses.
- **How do I register/access any of the study group webinar sessions?**
  - There are three methods for communicating the schedule and registering for upcoming sessions: a webinar button on your account dashboard when logged into your review course, the website, our company Facebook and twitter pages.
- **Will sessions be offered on multiple dates?**
  - Yes, there will be opportunities to catch up on prior sessions by viewing the session on-demand, at your own time found through the webinar button on your account dashboard.
- **Does access to the live study group sessions cost extra?**
  - No, exclusive access comes with the package for premium review course subscribers.
- **Do I have free access to the Landmark Clinical Trials webinar sessions?**
  - Yes, you can gain access through the webinar button on your active account dashboard.
  - If you desire the supplemental course notes, you may purchase this separately for a small additional printing fee. Link or information is also available through the webinars button on your dashboard.
